

## **Flight for Life Superdraw**

Superdraw is an additional draw only available to members of the regular Essex & Herts Flight for Life Air Ambulance Lottery.

When each member joins Superdraw, they choose a combination of 4 numbers in the range 1–34. A separate weekly jackpot draw is made and if no member makes a complete match with all four numbers, then the jackpot prize will roll over to the following week. The jackpot prize will continue to roll over until it reaches £25,000, at which point multiple draws will be made in a single week until a complete match is selected. When this occurs, **one member** will win £25,000. A life-changing amount!

### **How to play**

1. Select your four chosen numbers between 1-34. We will allocate these numbers uniquely to you. If your chosen numbers have already been allocated to another member, our computer will allocate you the nearest available numbers to your choice.
2. We will send you your membership details displaying your lucky numbers. Please check these numbers carefully and advise us immediately if there are any discrepancies, as numbers we hold on our computer system are the numbers that are entered into the draw.

It's as simple as that. The winning numbers will be displayed weekly on our website and if you are a lucky jackpot winner, we will notify you as soon as possible.
